Additional hardware

Besides the specific zactrack hardware which is described here it is also necessary to use the following additional hardware to run zactrack.

- **PoE switch** to power and link all anchors into one network
  - Managed switch

  - >10W per port \\

    - Recommended products: https://www.luminex.be/products/gigacore/
    - **CAT6 ethernet cables** for the anchors and connections between switches

    - **Leica DISTO S910 incl. tripod head and tripod**
      https://lasers.leica-geosystems.com/disto/s910

    - **WIFI Access Point** with the this configuration
